

7dBi indoor mini panel antenna

Characteristic

- Low gain and radiation pattern perfectly adapted to indoor applications.
- Compact and elegant.
- Easy to mount on wall.

Specification:

Item	Parameters
Model	IP8025-965
Frequency range (MHz)	806-960/1710-2500MHz
VSWR	≤1.4
Impedence (Ω)	50Ω
Gain (dBi)	7dBi
Beam width—E-plane —H-plane	70° 50°
Max power (W)	100W
Connector	N-K
Dimensions (mm)	207mm*177mm*45mm
Weight (kg)	0.43kg
Radiating element material	copper
Installation	Wall mounting

IP8025-965
