

# SkyDECT DU-100/DU-200

World famous Skype™ makes millions of users enjoy free long-distance call, however, user has to sit in front of PC or laptop without convenience. Now with Welltech DU-100, it can integrate VoIP with Digital Enhance Cordless Telephone and have walking Skype™ everywhere.

User who has Cordless Telephone system (DECT) doesn't need to change original environment, our DU-100 can accept 6 handsets to register. With selecting different base stations, caller is able to make call through PSTN line or VoIP network.

Except Skype™, DU-100 can also work with Welltech FreeTalk. Welltech Computer Co., Ltd. was founded in 1988 at Taipei, Taiwan with the aim of linking people technologies, and has been an integral part of the community for over a decade. Our company has been dedicated to promote better Communications and Networking solutions to our customers through innovative and state-of-the-art technologies in Voice over IP.

## Optional versions for VoIP calls

1. Skype™: The DU-100 can work with Skype™ v1.1.1.79 above for free Internet call from Skype Skype™ -to-Skype™ and with SkypeOut for calling regular and mobile telephones worldwide at much affordable rates.
2. Welltech FreeTalk **FreeTalk**: Except Skype™, user has another option, the DU-100 can also work with Welltech FreeTalk for free on-net call from FreeTalk to FreeTalk or calling regular PSTN and mobile phones worldwide at much affordable rates.
